

PSALM 119

91 They continue this day according to thine ordinances: for all are thy servants.
92 Unless thy law had been my delight, I should then have perished in mine affliction.
93 I will never forget thy precepts: for with them thou hast quickened me.
94 I am thine, save me: for I have sought thy precepts.
95 The wicked have waited for me to destroy me: but I will consider thy testimonies.
96 I have seen an end of all perdition: but thy commandment is exceeding broad.

MEM.

97 O how love I thy law! It is my meditation all the day.
98 Thou through thy commandments hast made me wiser than mine enemies: for they are ever with me.
99 I have more understanding than all my teachers: for thy testimonies are my meditation.
100 I understand more than the ancients, because I keep thy precepts, and for thy testimonies.
101 I have refrained my feet from every evil way, that I might keep thy word.
102 I have not departed from thy judgments: for thou hast taught me.
103 How sweet are thy words unto my taste! sea, sweeter than honey to my mouth!
104 Through thy precepts I get understanding: therefore I hate every false way.

NUN.

105 Thy word is a lamp unto my feet, and a light unto my path.
106 I have sworn, and I will perform it, that I will keep thy righteous judgments.
107 I am afflicted very much: quicken me, O LORD, according to thy word.
108 Accept, I beseech thee, the freewill offerings of my mouth, O LORD, and teach me thy judgments.
109 My soul is continually in my hand: yet do I not forget thy law.
110 The wicked have laid a snare for me: yet I erred not from thy precepts.
111 Thy testimonies have I taken as an heritage for ever: for they are the rejoicing of my heart.
112 I have inclined mine heart to perform thy statutes always, even unto the end.

SAMECH.

113 I hate vain thoughts: but thy law do I love.

Sundry prayers, etc.

114 Thou art my hiding place, O LORD: my shield, I hope in thy word.
115 Depart from me, ye unrighteous: for I will keep the commandments of thy God.
116 Uphold me according to thy word, that I may live, and I shall not be ashamed of my hope, and I shall not be afraid of mine enemies.
117 Hold thou me up, and I shall not fall: for thou hast loved my statutes continually.
118 Thou hast tridden down their deceit: I hate them, and I shall not be afraid of them.
119 Thou hast put away all iniquity of the earth: therefore I love thy testimonies.
120 My flesh trembleth for thee; and I am afraid of thy judgments.

AIN.

121 I have done judgment and justice: leave me not to mine oppressors.
122 Be surety for thy servant, O LORD: let not the proud oppress me. Mine eyes fail for thy salvation, and for the word of thy righteousness.
124 Deal with thy servant according to thy mercy, and teach me thy statutes.
125 I am thy servant according to thy testimonies, that I may know thy work: for they have made void thy law.
127 Therefore I love thy commandments above gold; yea, above fine gold.
128 Therefore I esteem all thy precepts concerning all iniquity to be right: and I hate every false way.

PE.

129 Thy testimonies are wonderful: therefore doth my soul keep them.
130 The entrance of thy words is light; it giveth understanding unto the simple.
131 I opened my mouth, and panteth for I longed for thy commandments, merciful unto me, as thou usest to do unto those that love thy name.
133 Order my steps in thy name, and let not any iniquity have dominion over me.
134 Deliver me from the oppression of man; so will I keep thy precepts.
135 Make thy face to shine upon thy servant, and teach me thy statutes.
136 Rivers of waters run down mine eyes, because they keep not thy law.

PSALM 120

beginning; and every one of thy righteous judgments endureth for ever.

SCHIN.

161 Princes have persecuted me without a cause; but my heart standeth in awe of thy word, as one that rejoiceth in thy word, as one that findeth great spoil.
162 I hate and abhor lying: but thy law do I love.
163 I hate and abhor lying: but thy law do I love.
164 Seven times a day do I praise thee because of thy righteous judgments.
165 Great peace have they which offend thy law: and nothing shall offend them.
166 LORD, I have hoped for thy salvation, and done thy commandments.
167 My soul hath kept thy testimonies: and I love them exceedingly.
168 I have kept thy precepts and thy testimonies: for all my ways are before thee.

TAU.

169 Let my cry come near before thee, O LORD: give me understanding according to thy word.
170 Let my supplication come before thee: deliver me according to thy word.
171 My lips shall utter praise, when thou hast taught me thy statutes.
172 My tongue shall speak of thy word: for all thy commandments are righteousness.
173 Let thine hand help me: for I have chosen thy precepts.
174 I have longed for thy salvation, O LORD: and thy law is my delight.
175 Let my soul live, and it shall praise thee: and let thy judgments help me.
176 I have gone astray like a lost sheep; seek thy servant; for I do not forget thy commandments.

A Song of degrees.

120

IN my distress I cried unto the LORD, and he heard me.
2 Deliver my soul, O LORD, from lying lips, and from a deceitful tongue.
3 What shall be given unto thee? or what shall be done unto thee, thou false tongue?
4 Sharp arrows of the mighty, with coals of juniper.
5 Woe is me, that I sojourn in Mesek, that I dwell in the tents of Kedar!
6 My soul hath long dwelt with him that hateth peace.
7 I am for peace: but when I speak, they are for war.

Professions of obedience

IZADDI.

177 Thou, O LORD, art merciful and gracious: thou hast many testimonies that thou hast done: and thy righteousness and very truthfulness are rishteous and very true.
178 My real hath consumed me, mine enemies have forgotten my words.
179 My heart is very pure: therefore will I say what I desire: I will not hold on me; yet thy servant loveth it.
180 I will not forget thy precepts: for thy righteousness is an everlasting righteousness, and thy law is true.
181 My heart is troubled, and anguish have I taken: because of thy testimonies, O LORD: I will keep thy commandments.
182 I cried with my whole heart: O LORD: I will keep thy testimonies.
183 I have not bowed on me; yet thy righteousness is an everlasting righteousness, and I shall live.

KOPH.

184 I have not bowed on me; yet thy righteousness is an everlasting righteousness, and I shall live.
185 Mine eyes prevent the night, because I have said, O LORD: I will keep thy testimonies.
186 I have not bowed on me; yet thy righteousness is an everlasting righteousness, and I shall live.
187 Mine eyes prevent the night, because I have said, O LORD: I will keep thy testimonies.
188 I have not bowed on me; yet thy righteousness is an everlasting righteousness, and I shall live.
189 Mine eyes prevent the night, because I have said, O LORD: I will keep thy testimonies.
190 I have not bowed on me; yet thy righteousness is an everlasting righteousness, and I shall live.

RESH.

191 Consider mine affliction, O LORD: and deliver me: for I do not forget thy law.
192 Plead my cause, and deliver me: quicken me according to thy word.
193 Salvation is far from the wicked: for they seek not thy statutes.
194 Great are thy tender mercies, O LORD: quicken me according to thy testimonies.
195 Many are my persecutors and mine enemies; yet do I not decline from thy testimonies.
196 I beheld the transgressors, and was grieved: because they kept not thy word.
197 Consider how I love thy precepts: quicken me, O LORD, according to thy lovingkindness.

Everyone is permitted to copy and distribute verbatim copies of this license document, but changing it is not allowed.

0. PREAMBLE

The purpose of this License is to make a manual, textbook, or other functional and useful document "free" in the sense of freedom: to assure everyone the effective freedom to copy and redistribute it, with or without modifying it, either commercially or noncommercially. Secondly, this License preserves for the author and publisher a way to get credit for their work, while not being considered responsible for modifications made by others.

This License is a kind of "copyleft", which means that derivative works of the document must themselves be free in the same sense. It complements the GNU General Public License, which is a copyleft license designed for free software.

We have designed this License in order to use it for manuals for free software, because free software needs free documentation: a free program should come with manuals providing the same freedoms that the software does. But this License is not limited to software manuals; it can be used for any textual work, regardless of subject matter or whether it is published as a printed book. We recommend this License principally for works whose purpose is instruction or reference.

1. APPLICABILITY AND DEFINITIONS

This License applies to any manual or other work, in any medium, that contains a notice placed by the copyright holder saying it can be distributed under the terms of this License. Such a notice grants a world-wide, royalty-free license, unlimited in duration, to use that work under the conditions stated herein. The "Document", below, refers to any such manual or work. Any member of the public is a licensee, and is addressed as "you". You accept the license if you copy, modify or distribute the work in a way requiring permission under copyright law.

A "Modified Version" of the Document means any work containing the Document or a portion of it, either copied verbatim, or with modifications and/or translated into another language.

A "Secondary Section" is a named appendix or a front-matter section of the Document that deals exclusively with the relationship of the publishers or authors of the Document to the Document's overall subject (or to related matters) and contains nothing that could fall directly within that overall subject. (Thus, if the Document is in part a textbook of mathematics, a Secondary Section may not explain any mathematics.) The relationship could be a matter of historical connection with the subject or with related matters, or of legal, commercial, philosophical, ethical or political position regarding them.

The "Invariant Sections" are certain Secondary Sections whose titles are designated, as being those of Invariant Sections, in the notice that says that the Document is released under this License. If a section does not fit the above definition of Secondary then it is not allowed to be designated as Invariant. The Document may contain zero Invariant Sections. If the Document does not identify any Invariant Sections then there are none.

The "Cover Texts" are certain short passages of text that are listed, as Front-Cover Texts or Back-Cover Texts, in the notice that says that the Document is released under this License. A Front-Cover Text may be at most 5 words, and a Back-Cover Text may be at most 25 words.

A "Transparent" copy of the Document means a machine-readable copy, represented in a format whose specification is available to the general public, that is suitable for revising the document straightforwardly with generic text editors or (for images composed of pixels) generic paint programs or (for drawings) some widely available drawing editor, and that is suitable for input to text formatters or for automatic translation to a variety of formats suitable for input to text formatters. A copy made in an otherwise Transparent file format whose markup, or absence of markup, has been arranged to thwart or discourage subsequent modification by readers is not Transparent. An image format is not Transparent if used for any substantial amount of text. A copy that is not "Transparent" is called "Opaque".

Examples of suitable formats for Transparent copies include plain ASCII without markup, Texinfo input format, LaTeX input format, SGML or XML using a publicly available DTD, and standard-conforming simple HTML, PostScript or PDF designed for human modification. Examples of transparent image formats include PNG, XCF and JPG. Opaque formats include proprietary formats that can be read and edited only by proprietary word processors, SGML or XML for which the DTD and/or processing tools are not generally available, and the machine-generated HTML, PostScript or PDF produced by some word processors for output purposes only.

The "Title Page" means, for a printed book, the title page itself, plus such following pages as are needed to hold, legibly, the material this License requires to appear in the title page. For works in formats which do not have any title page as such, "Title Page" means the text near the most prominent appearance of the work's title, preceding the beginning of the body of the text.

A section "Entitled XYZ" means a named subunit of the Document whose title either is precisely XYZ or contains XYZ in parentheses following text that translates XYZ in another language. (Here XYZ stands for a specific section name mentioned below, such as "Acknowledgements", "Dedications", "Endorsements", or "History".) To "Preserve the Title" of such a section when you modify the Document means that it remains a section "Entitled XYZ" according to this definition.

The Document may include Warranty Disclaimers next to the notice which states that this License applies to the Document. These Warranty Disclaimers are considered to be included by reference in this License, but only as regards disclaiming warranties: any other implication that these Warranty Disclaimers may have is void and has no effect on the meaning of this License.

2. VERBATIM COPYING

You may copy and distribute the Document in any medium, either commercially or noncommercially, provided that this License, the copyright notices, and the license notice saying this License applies to the Document are reproduced in all copies, and that you add no other conditions whatsoever to those of this License. You may not use technical measures to obstruct or control the reading or further copying of the copies you make or distribute. However, you may accept compensation in exchange for copies. If you distribute a large enough number of copies you must also follow the conditions in section 3.

You may also lend copies, under the same conditions stated above, and you may publicly display copies.

3. COPYING IN QUANTITY

If you publish printed copies (or copies in media that commonly have printed covers) of the Document, numbering more than 100, and the Document's license notice requires Cover Texts, you must enclose the copies in covers that carry, clearly and legibly, all these Cover Texts: Front-Cover Texts on the front cover, and Back-Cover Texts on the back cover. Both covers must also clearly and legibly identify you as the publisher of these copies. The front cover must present the full title with all words of the title equally prominent and visible. You may add other material on the covers in addition. Copying with changes limited to the covers, as long as they preserve the title of the Document and satisfy these conditions, can be treated as verbatim copying in other respects.

If the required texts for either cover are too voluminous to fit legibly, you should put the first ones listed (as many as fit reasonably) on the actual cover, and continue the rest onto adjacent pages.

If you publish or distribute Opaque copies of the Document numbering more than 100, you must either include a machine-readable Transparent copy along with each Opaque copy, or state in or with each Opaque copy a computer-network location from which the general network-using public has access to download using public-standard network protocols a complete Transparent copy of the Document, free of added material. If you use the latter option, you must take reasonably prudent steps, when you begin distribution of Opaque copies in quantity, to ensure that this Transparent copy will remain thus accessible at the stated location until at least one year after the last time you distribute an Opaque copy (directly or through your agents or retailers) of that edition to the public.

It is requested, but not required, that you contact the authors of the Document well before redistributing any large number of copies, to give them a chance to provide you with an updated version of the Document.

4. MODIFICATIONS

You may copy and distribute a Modified Version of the Document under the conditions of sections 2 and 3 above, provided that you release the Modified Version under precisely this License, with the Modified Version filling the role of the Document, thus licensing distribution and modification of the Modified Version to whoever possesses a copy of it. In addition, you must do these things in the Modified Version:

- * A. Use in the Title Page (and on the covers, if any) a title distinct from that of the Document, and from those of previous versions (which should, if there were any, be listed in the History section of the Document). You may use the same title as a previous version if the original publisher of that version gives permission.
- * B. List on the Title Page, as authors, one or more persons or entities responsible for authorship of the modifications in the Modified Version, together with at least five of the principal authors of the Document (all of its principal authors, if it has fewer than five), unless they release you from this requirement.
- * C. State on the Title page the name of the publisher of the Modified Version, as the publisher.
- * D. Preserve all the copyright notices of the Document.
- * E. Add an appropriate copyright notice for your modifications adjacent to the other copyright notices.

* F. Include, immediately after the copyright notices, a license notice giving the public permission to use the Modified Version under the terms of this License, in the form shown in the Addendum below.

* G. Preserve in that license notice the full lists of Invariant Sections and required Cover Texts given in the Document's license notice.

* H. Include an unaltered copy of this License.

* I. Preserve the section Entitled "History", Preserve its Title, and add to it an item stating at least the title, year, new authors, and publisher of the Modified Version as given on the Title Page. If there is no section Entitled "History" in the Document, create one stating the title, year, authors, and publisher of the Document as given on its Title Page, then add an item describing the Modified Version as stated in the previous sentence.

* J. Preserve the network location, if any, given in the Document for public access to a Transparent copy of the Document, and likewise the network locations given in the Document for previous versions it was based on. These may be placed in the "History" section. You may omit a network location for a work that was published at least four years before the Document itself, or if the original publisher of the version it refers to gives permission.

* K. For any section Entitled "Acknowledgements" or "Dedications", Preserve the Title of the section, and preserve in the section all the substance and tone of each of the contributor acknowledgements and/or dedications given therein.

* L. Preserve all the Invariant Sections of the Document, unaltered in their text and in their titles. Section numbers or the equivalent are not considered part of the section titles.

* M. Delete any section Entitled "Endorsements". Such a section may not be included in the Modified Version.

* N. Do not retitle any existing section to be Entitled "Endorsements" or to conflict in title with any Invariant Section.

* O. Preserve any Warranty Disclaimers.

If the Modified Version includes new front-matter sections or appendices that qualify as Secondary Sections and contain no material copied from the Document, you may at your option designate some or all of these sections as invariant. To do this, add their titles to the list of Invariant Sections in the Modified Version's license notice. These titles must be distinct from any other section titles.

You may add a section Entitled "Endorsements", provided it contains nothing but endorsements of your Modified Version by various parties--for example, statements of peer review or that the text has been approved by an organization as the authoritative definition of a standard.

You may add a passage of up to five words as a Front-Cover Text, and a passage of up to 25 words as a Back-Cover Text, to the end of the list of Cover Texts in the Modified Version. Only one passage of Front-Cover Text and one of Back-Cover Text may be added by (or through arrangements made by) any one entity. If the Document already includes a cover text for the same cover, previously added by you or by arrangement made by the same entity you are acting on behalf of, you may not add another; but you may replace the old one, on explicit permission from the previous publisher that added the old one.

The author(s) and publisher(s) of the Document do not by this License give permission to use their names for publicity for or to assert or imply endorsement of any Modified Version.

5. COMBINING DOCUMENTS

You may combine the Document with other documents released under this License, under the terms defined in section 4 above for modified versions, provided that you include in the combination all of the Invariant Sections of all of the original documents, unmodified, and list them all as Invariant Sections of your combined work in its license notice, and that you preserve all their Warranty Disclaimers.

The combined work need only contain one copy of this License, and multiple identical Invariant Sections may be replaced with a single copy. If there are multiple Invariant Sections with the same name but different contents, make the title of each such section unique by adding at the end of it, in parentheses, the name of the original author or publisher of that section if known, or else a unique number. Make the same adjustment to the section titles in the list of Invariant Sections in the license notice of the combined work.

In the combination, you must combine any sections Entitled "History" in the various original documents, forming one section Entitled "History"; likewise combine any sections Entitled "Acknowledgements", and any sections Entitled "Dedications". You must delete all sections Entitled "Endorsements."

6. COLLECTIONS OF DOCUMENTS

You may make a collection consisting of the Document and other documents released under this License, and replace the individual copies of this License in the various documents with a single copy that is included in the collection, provided that you follow the rules of this License for verbatim copying of each of the documents in all other respects.

You may extract a single document from such a collection, and distribute it individually under this License, provided you insert a copy of this License into the extracted document, and follow this License in all other respects regarding verbatim copying of that document.

7. AGGREGATION WITH INDEPENDENT WORKS

A compilation of the Document or its derivatives with other separate and independent documents or works, in or on a volume of a storage or distribution medium, is called an "aggregate" if the copyright resulting from the compilation is not used to limit the legal rights of the compilation's users beyond what the individual works permit. When the Document is included in an aggregate, this License does not apply to the other works in the aggregate which are not themselves derivative works of the Document.

If the Cover Text requirement of section 3 is applicable to these copies of the Document, then if the Document is less than one half of the entire aggregate, the Document's Cover Texts may be placed on covers that bracket the Document within the aggregate, or the electronic equivalent of covers if the Document is in electronic form. Otherwise they must appear on printed covers that bracket the whole aggregate.

8. TRANSLATION

Translation is considered a kind of modification, so you may distribute translations of the Document under the terms of section 4. Replacing Invariant Sections with translations requires special permission from their copyright holders, but you may include translations of some or all Invariant Sections in addition to the original versions of these Invariant Sections. You may include a translation of this License, and all the license notices in the Document, and any Warranty Disclaimers, provided that you also include the original English version of this License and the original versions of those notices and disclaimers. In case of a disagreement between the translation and the original version of this License or a notice or disclaimer, the original version will prevail.

If a section in the Document is Entitled "Acknowledgements", "Dedications", or "History", the requirement (section 4) to Preserve its Title (section 1) will typically require changing the actual title.

9. TERMINATION

You may not copy, modify, sublicense, or distribute the Document except as expressly provided for under this License. Any other attempt to copy, modify, sublicense or distribute the Document is void, and will automatically terminate your rights under this License. However, parties who have received copies, or rights, from you under this License will not have their licenses terminated so long as such parties remain in full compliance.

10. FUTURE REVISIONS OF THIS LICENSE

The Free Software Foundation may publish new, revised versions of the GNU Free Documentation License from time to time. Such new versions will be similar in spirit to the present version, but may differ in detail to address new problems or concerns. See <http://www.gnu.org/copyleft/>.

Each version of the License is given a distinguishing version number. If the Document specifies that a particular numbered version of this License "or any later version" applies to it, you have the option of following the terms and conditions either of that specified version or of any later version that has been published (not as a draft) by the Free Software Foundation. If the Document does not specify a version number of this License, you may choose any version ever published (not as a draft) by the Free Software Foundation.
